### Candidate ards

Blakes, Va. March 6, 1911. To the voters of Mathews and Middlesex.

I hereby announce my candidacy for the Democratic Nomination for the House of Delegates of Virginia, subject to your approval in the primary to be held on September 7th, 1911.

Your support is earnestly solicited and will be duly appreciated. Yours respectfully,

J. T. Christad,

Dixie April, 27th, 1911.

To the voters of Mathews and Middlesex.

I desire to represent you, the next House of Delegates of Virginia and I take this opportunity to announce my candidacy, subject to your approval in the Democratic primary to be held on September 7th, 1911. As I never asked anything from my people before I felt justified in requesting this favor at your hands.

I think it right and proper that you should know where I stand politically. I have always been an old fashioned Jeffersonian Democrat; that is, I believe that the people should rule and that every man who holds office should be elected by a majority of the people, from the highest office in the nation to the lowest in any city, town or county. No servant should be given power to appoint whom he chooses to fill high positions regardless of the approval of the citizens. The time has passed for giving servants so much power as so many have abused it in late years to the loss of the people. Therefore I am one of the Reform Democrats of the "Brvan School" and believe in every reform which that Matches Champion of the people's cause has been advocating for the last sixteen years, and if the people will accept me as their representative in the position I now seek I will vote and work to have incorporated into law all of the reforms that my people want.

I believe in the Initiative Referendum and Recall, therefore, fellow citizens, if you elect me as your representative in the next House of Delegates I will work with your approval, or rather, we will work together to save our state from the corruption which so often mars our legislation.

I have voted for Hon. W. A. Jones every time he has been before the people and he will have my support this fall because I believe him more in accord with the reform movement than Mr. Martin.

I enter this campaign with economy as my watchword and reform my battle cry. Should I be elected you shall have my best service and I will do the best that I can to make this old Commonwealth which is the mother of states and of statesmen, take the foremost place in this Nation.

Respectfully,

Walter Somers

To the Voters of Mathews and Middlesex.

I have decided to become a candidate for the House of Delegates from the counties of Mathews and Middlesex. If successful, I shall try to be faithful to the duties the position imposes. I believe that I am in sympathy with the people and would advocate those measures only, which appeal to me as promoting the good of the people at large. I am, of course, a Democrat.

Julius Healy.

To the people of Mathews and Middlesex.

After taking counsel with many friends whose opinion I value, I have determined to offer myself as representative for the Counties of Mathews and Middlesex in the next General Assembly, submitting my claims to the Democratic primary. I shall make appointments to speak upon public question at all the voting precincts in both Counties, and request the voters to refrain from pledging their support until after I have had an opportunity to address them.

Percival Hicks.

To the Democratic voters of the 39th Senatorial District.

I hereby announce myself a candidate for re-election to the Senate of Virginia, subject to the Democratic Primary to be held on the 7th day of September, 1911, from the District composed of Essex, King and Queen, Middlesex, Mathews and Gloucester. I deeply appreciate your former support, and it nominated and re-elected, and I will endeavor to serve the people to the best of my ability.

Respectfully,

Jno. R. Saunders

In an effort to give our readers the best possible service and more news than the other fellow, we are giving a complete account of the Beattie trial now in progress in Richmond. If you believe that the Journal is making good, boost it and advise your friends to subscribe.

It is not only the privilege but the duty of every good citizen to vote. If you fail to take advantage of this privilege you have no right to complain when the affairs of our commonwealth are not run as they should be, because you have not been sufficiently interested to take from your business the little time necessary to cast your ballot. Never fall into the error of saying that may vote is only one and is immaterial, just such foolishness keeps from the polls at every election thousands of honest men who might change the entire results.

Go vote therefore your honest convictions. Not as the voice of policy or material interest may prompt you but as your conscience shall direct.

It is unnecessary for us to argue the righteousness of Mr. Jones' cause to voters of the First Congressional District. A great majority of them recognize it already and are going to roll up for him a handsome majority on September 7th. And they should. For twenty years he has represented you faithfully in Congress. Sitting in a body the majority of whom were opposed to him politically, it has been impossible for him to accomplish great results for his constituency, but at least he has been faithful to the principles and traditions of his party. After a long political career he comes before you today with record untarnished and with integrity unimpeached. Surely he is worthy of our support.

Without undue criticism of his opponent, we feel justified in saying that he stands to-day in an unfortunate position. His very party allegiance is questionable because of numerous votes cast for Republican protection. Accused by Mr. Jones of undesirable railroad affiliations, he denies in toto, only to have the charge proven by evidence of the existence of which he was ignorant. No man who believes in Republican protection should represent a Democratic constituency and no man whose veracity is thus questionable should represent Virginia in the Senate. Your duty is obvious.

As we have previously said, we vote for men regardless of factional affiliations, and believing that Mr. Swanson is the man to represent Virginia in the Senate of the U. S., we shall vote for him rather than for Mr. Glass. His ability and his desire to promote the best interests of this Commonwealth, have been we believe, abundantly proven. As representative from the Fifth District he has served his state effectively for thirteen years; as governor his administration was one in which the number of high schools in the state was increased from 74 to 405; the number of miles of good roads built by state aid was five hundred; the pension of old Confederate Soldiers increased \$350,000; two female normal schools were built and many other progressive and much needed reforms were carried out; as U. S. Senator, by appointment for nearly a year, he has served his constituency faithfully, voting at all times as their best interests dictated and to uphold the principles of his party. If such a record does not entitle him to support, what will?

These things should secure him the nomination, unless his opponent had been more useful or there were no reasonable objections to the opposing candidate which there are. When a man deliberately attempts in order to further his own candidacy to misrepresent his opponent in our judgment he forfeits in a great measure the consideration otherwise due him. Mr. Glass has charged that Swanson bankrupted the state of Virginia when he knew that the Legislature alone could save the money he had charged that increased expenditures were caused by increased pay for office holders when as a matter of fact less than 10 per cent. of the increased revenue went for this purpose; he has charged Mr. Swanson with favoritism to the railroads in giving them a cut off track around Lynchburg when such an action was petitioned for by citizens of Lynchburg, his home town, and when every member of the House, surely not all rascals, voted for it. Now he brands Senator Swanson as unfaithful because while a member of the Ways and Means Committee in session he bought on margin American Tobacco Stock, when he (Glass) owns stock in the National Bank of Lynchburg and sits as a member of the Banking and Currency Committee in Congress. If this was a fault in Senator Swanson and many of his friends think it was he at least was frank and honest enough to admit it. Which will you support Mr. Citizen? The man who even occasionally wrong states frankly the facts involved or the man who cannot or will not acknowledge any good in another because he desires his position?

### Don't Cuss When its Hot

(By Geo. Gowen, Mathews, Va.)

It's no use to have a fit  
When it's hot.  
It will not help a bit  
Matters not  
How you worry, fume and stew,  
How you wiggle, fret and sweat,  
How you call the Weather Man,  
All the names that come to you.  
Might as well sit still and smile,  
It's the only thing to do  
When it's hot.  
It's no use to have and tear  
When it's hot.  
Or to yank out all your hair.  
It does not  
Help the thing or make your neighbor glad  
When your language is absurd and  
your temper's mighty bad.  
Take the weather as it comes.  
There's no use in going mad  
When it's hot.  
There's one thing you should recall  
When it's hot.  
We've been told one and all  
There's a spot  
Where you MAY go when you die, if  
your life is not lived right.  
Where it's hotter than the furnace of a  
steamer, day and night,  
So be careful how you act.  
Keep your temper and sit tight  
When it's hot.

## Barron and Healy Speak

State Senator A. B. Thomas could not be present Saturday as per schedule, but sent a worthy substitute in the person of Mr. James S. Barron, of Norfolk. He spoke to a large audience and made a fine impression. His speech was a strong arraignment of Senators Martin and Swanson, and was made along the line of questions so much discussed during this campaign. He stated that he held the above named gentlemen responsible for the failure of the Legislature to pass a legalized primary law. A large portion of his speech was devoted to discussion of the Thompson letters which he declared were sufficient in view of Senator Martin's denial of any connection with railroads, to prove him guilty of falsehood if nothing else.

Senator Swanson was strongly criticized for seeking the office while his predecessor lay ill and for dealing in American Tobacco Co. stocks while a member of Congress. He appealed to the citizens to vote against both. Mr. Barron's speech was a very strong one. He left via the Rappahanock the same evening.

Mr. L. C. Garnett, who presided, next introduced Mr. Julius Healy, of Middlesex who spoke in behalf of his candidacy for the Legislature. Mr. Healy's speech was both scholarly and eloquent and a very good impression was made.

### Judges of Primary

At a meeting of the County Committee held on Saturday the following judges were appointed for the Primary on Sept. 7:

Port Haywood, M. B. Garnett, A. Rufus Dices and Floyd White; Mathews C. H., Dr. M. S. Foster D. F. Kirkpatrick and John A. Fleet; Bohannon, C. R. Thomas, Albert D. Foster and J. D. White; Batterv, Geo. W. Mason, Robt. H. Miller and Walter G. Jones, Jr.; Hookerfair, R. C. Minter, R. C. Foster and J. B. Bennett; Colbs Creek, J. H. Richardson, J. R. Landon and J. R. Thompson; Gwynas, R. E. Edwards, J. H. Callis and C. C. Hudgins.

### A Little Way

A little way to walk with you, my own,  
Only a little way;  
Then one of us must weep and walk alone,  
Until God's day.  
A little way! It is so sweet to live  
Together, that I know  
Life would not have one withered rose to give  
If one of us should go.  
And if these lips shall ever learn to smile  
With your heart face from mine,  
'Twould be for joy that in a little while  
They would be kissed by thine.  
—Stanton in News Leader

## Martin and Swanson Speak

Senator Martin opened his campaign in Richmond Monday night. He declared that the charges made by Mr. Jones were false but introduced no new matter.

Senator Swanson opened his campaign in Lawrenceville Monday night. He replied in full to the charges of Mr. Glass and went after the latter's record. He declared that he was willing to stand on his record as governor and that Mr. Glass branded as crimes things that when done by himself (Glass) were alright.

### Announcements

To the Voters of Mathews Co.

I hereby declare myself a candidate for the office of County Treasurer. If you believe that I will make an efficient public officer the casting of your ballot for me will be appreciated.

Respectfully  
W. E. Marchant  
Cricket Hill, July 23, 1911.

July 24th, 1911.

To the voters of Mathews Co.—

I appreciate the support given me in the past for Treasurer. If my views expressed below meet with your approval, vote for me for Treasurer. I am in favor of cutting down the county levy to 20c. on the \$100.00. All surplus money belonging to the county should be put in Bank at interest for the county. All capitation taxes should if possible be collected and a list made out of those who do not pay and posted side by side with those who do pay, so all can see who gets the benefit of our schools without paying their capitation tax. The treasurer should not be allowed a percentage for disbursing school funds; he gets nothing for paying our county bonds, why school? I don't like the Underwood plank put in the Democratic Constitution for the benefit of the Treasurer's Trust. Our State has suffered too much along this line. I stand upon the temperance plank. "I believe in taxes for revenue only", and in the Democratic principal, of equal rights to all and special privileges to none.

Should I be elected as Treasurer I will discharge the duties of the office faithfully and will not be a candidate for the same office a second time.

Yours most respectfully  
N. E. Miller
